HISTORY

We have been creating beautiful, elegant and functional bathroom accessories for over 20 years.

In 1999 it was born as Mirella Tanzi srl, a family business reality dedicated to the production of bathroom accessories.

Following an important development, in 2015 the company was incorporated into MT International group srl.

Our production site is located in the industrial area of Val Vibrata, in Abruzzo, Italy.

Today the company is present on the national and international design scene; the Mirella Tanzi International brand is everywhere synonymous with refined style and excellent manufacturing quality.

MISSION

- Our mission is to offer bathroom equipment solutions by creating aesthetic and functional products, characterized by high quality and elegance.
- We are committed to producing unique design pieces. They are meant to maximizing the comfort in every bathroom, the room that mostly provides well-being and pleasantness to women and men of contemporary living.

ETHIC

- MT International has always been attentive to the work ethic, aimed above all at preserving a healthy and satisfying working environment for all its employees, both internal and external.
- The production processes and the choice of materials are the result of all possible environmental impact analysis. Each choice is oriented to a sustainable production policy, aimed to preserve ambient heritage also for the future generations.

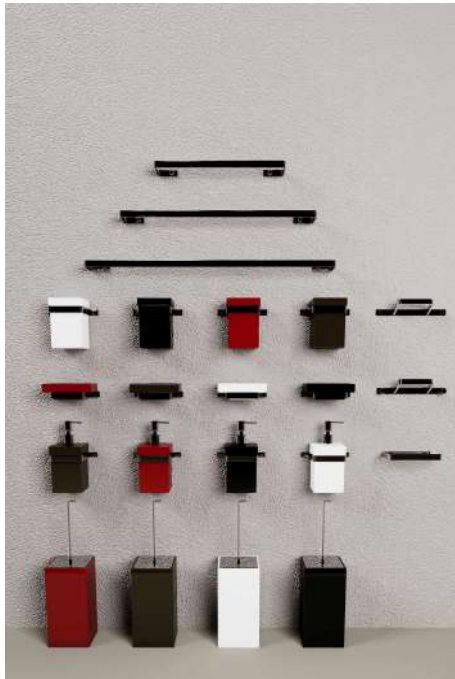

THE CONCEPT OF OUR COLLECTIONS:

BATHROOM EQUIPMENT, STANDS, MIRRORS & LAMPS, ACCESSORIES.

We have over 20 collections of bathroom accessories, ideal for decorating bathrooms of all styles.

- The design is accompanied by excellent technical skills and the best materials.
- We mix craftsmanship and innovative manufacturing processes for a unique result.
- All our accessories are available in free-stand and wall versions

CERTIFICATIONS & GARANTEE

Our products are made with top quality materials and Italian craftsman. They all are subjected to treatments that guarantee resistance to corrosion and durability.

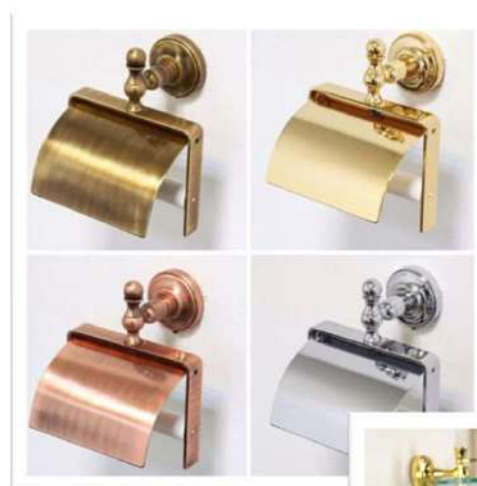

An accurate control and verification of the assembly, result of our long experience, allow us to provide these products with 5 years guarantee from purchase date.

CUSTOMIZATION

MT production versatility translates into the possibility of carrying out special and tailor-made processes.

We create design solutions to meet the most demanding requests, customizing the furnishing elements through dimensional adjustments and refined finishes.
